ABOUT SUNFLOWER CORPORATION

Established in 1973

About Sunflower Corporation

Sunflower Laminates, just had its 50th year anniversary, is a leading manufacturer of providing designed and functional surfacing solutions in Taiwan. Over the decades, Sunflower Laminates constantly introduces new product lines including High Pressure Laminates (HPL), Melamine Faced Chipboard (MFC), Postforming HPL and Compact Laminates.

As the very first HPL manufacturer in Taiwan, its reputation was founded on providing excellent quality products, customer services and to ensure the surfacing solutions meet the needs of interior designs and applications. In addition, Sunflower became the first ISO9001 accredited producer in the region and was further awarded the "Green Label" certification by the Taiwanese and Singaporean Governments.

Further technical advancements had taken place with the introduction of anti bacterial, anti fungal and fire retardant laminates. More recently new technologies were introduced that provide a far superior scratch resistant gloss and anti fingerprint ultra matt finishes in both high pressure and compact laminates.

Sunflower has numerous offices positioned strategically throughout Taiwan to comprehensively service the domestic market. In addition we have a global presence that includes South East Asia, Australia, New Zealand and the Middle East. At the same time Sunflower is seeking to build valuable and long term relationships with reputable distributors to further expand our business activities globally.

Sunflower Corporation

Certifications

- ISO 9001:2015
- CNS 11366
- BS EN 438(UK&EEC countries)
- NEMA LD3-1995
- JIS K-6902/6903 (Japan)
- GB 50222-95 (China)
- Taiwan-made Product MIT
- Green Building Material mark by Architecture and Building Research Institute
- International Maritime Organization
- Green Label (Singapore)
- Antifungal Grade - ASTM G21 (excl. Metallic HPL)
- Antibacterial Grade - JIS Z 2801 (Japan) (excl. Metallic HPL)
- Department of Communication of Japan as "F☆☆☆☆" (Super E0) classification

Special grade high pressure laminate Technical specifications

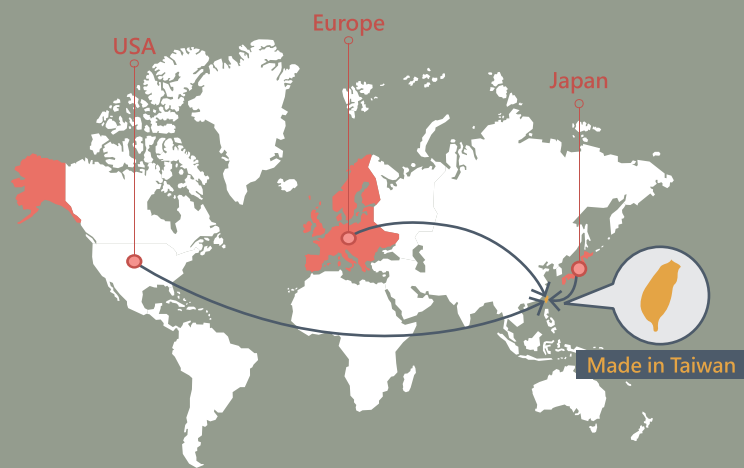

- Fire Retardant Grade - CNS7614
- GB 18580-2001 (China)
- Fure Resistant Grade-1 CNS-14705-1 (Composite Material)
- ASTM related tests

About Sunflower

■ Sources of Paper Materials

■ Regions of Distribution

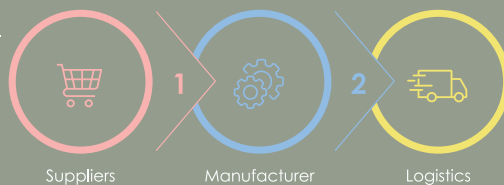

Why Sunflower Corporation?

Vertical Integration

Procurement of materials – Sustainably sourced.

↓
Production-in house production.

↓
Domestic Logistics-ware-houses throughout Taiwan.

Complete Design Solutions

Complete design solutions in both HPL and MFC offering the same colors.

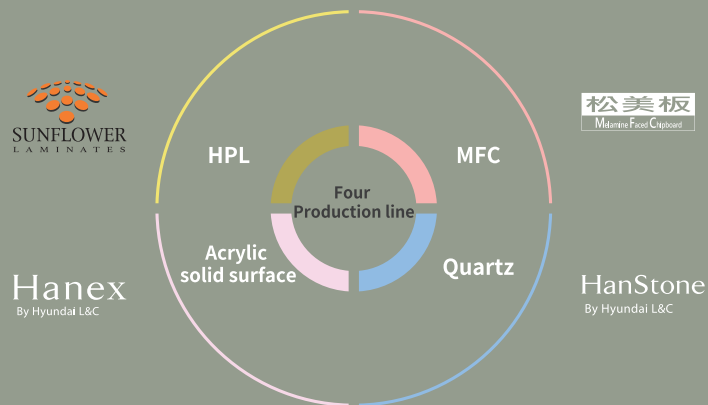

Only company in Taiwan to do so.

Made in Taiwan by Sunflower Laminates

In House Production in Taiwan.

Four Product Lines

HPL, MFC, Hanex acrylic solid surface and Hanstone quartz.

Two Stage Impregnation

1st – Resin with Aluminum Oxide providing superior wear resistance.
2nd Anti bacterial & Anti fungal & customization.

Other Products

Melamine Faced Chipboard

Sunflower Melamine Faced Chipboard is another product line manufacturing by Sunflower in Taiwan that shares the same design with HPL which ensures a complete design solution. It is a highly durable and versatile product with a stylish range of designs. It is highly versatile as an interior design material that is ideal for furniture, cabinetry, wall paneling and with numerous other decorative possibilities.

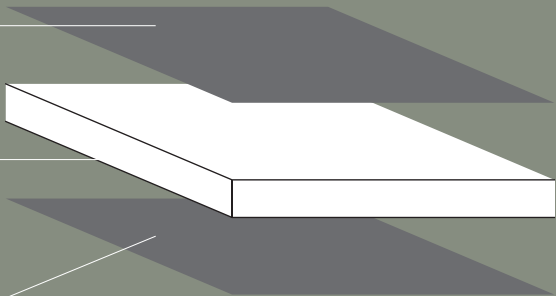

Standard Size	7' x 9' (2100x2850mm)
Thickness	8mm, 18mm, 25mm
Core material	Melamine Faced Chipboard

Application: school lockers, reception counter, cabinet, kitchen unit, and display showcase.
